[About the Forest and Communities](#)

[Contacts & How to Apply](#)

**Biological Science Technician (Fisheries)****Position: GS-0404-03/04/05**

**Duties:** Would you like to learn about the habitats of bull trout or rainbow trout? How about learning about spawning habitat for Chinook salmon? A job as a fisheries technician on the Payette National Forest maybe for you. As a biological technician you will collect habitat data, perform sediment sampling, identify trout species by snorkeling and electrofishing methods, and be a part of a close team of technicians and biologists. Duties include field data collection, report writing, and site tracking (through photos and maps). The work requires moderate to strenuous physical exertion and exposure to extremes of weather. Work is performed in a forest environment with uneven, rocky terrain, steep slopes, and thick vegetation. Stream work can be arduous, walking upstream against currents and at times snorkeling in cold, freshwater streams. Work may also require camping out in remote locations without cell service. Knowledge and experience of various sediment sampling protocols is recommended. You will need to be familiar with general fish habitat criteria (i.e. width, depth, bank stability, etc.) or PIBO methodology. Experience with fish identification, snorkeling and electrofishing recommended. GS-5 positions will also have some crew leadership responsibilities.

## Biological Science Technician (Noxious Weed Program)

Position: **GS-0404-03/04**

### Duties:

- Assist specialists in counting livestock entering or exiting allotments.
- Inspect condition of range improvements such as fences and water developments.
- Learn to identify range plants and soil types common to local area.
- Assist in range analysis by driving stakes, stretching tapes and recording plants identified by higher grade employee.

### Position Requirements:

- Knowledge of basic commonly-used rules and procedures of range work.
- Skill operating hand and power tools
- Supervisor or crew leader provides continuing or individual assignments by indicating generally what is to be done, without explicit instructions on work methods if standard procedures can be used.
- Completed work is reviewed for adherence to instructions and procedures. Assignments new to the incumbent are reviewed in more detail.
- Duties involve routine, repetitive tasks with the supervisor or crew leader deciding what needs to be accomplished.
- 

The work requires physical exertion such as long periods of standing, walking in steep, rugged, rocky terrain with recurring stooping, reaching or bending. May require lifting of moderately heavy objects up to 50 pounds.

**Central and West Zone Forestry Aid / Technician (GS-3 Trail Aid/Recreation)**  
**Positions: GS-0462- 03/04/05**

**Central Zone Trail Description:**

The crew is generally self-supporting, carrying all personal supplies and equipment in loads up to 65 pounds or more, up to 15 miles per day in remote settings. Travel is sometimes aided by the use of motorcycles. Prior motorcycle experience and a state motorcycle endorsement are preferred. The normal work schedule is four ten hour days, followed by three days off. Crews will be expected to stay out in the field. A valid state driver's license is required. This position is focused on **trail maintenance** on motorized and non-motorized trails.

**Duties include:**

- Working as a member of a two to four person crew
- Clearing trails of downfall
- Installing water diversion structures
- Rock wall construction
- Brush removal
- Tread construction and stabilization
- Bridge construction
- Proper use and care of motorized and non-motorized hand tools

**West Zone Description:**

The West Zone (Council and Weiser Ranger Districts) of the Payette National Forest is seeking GS-3 and GS-4 trail crew members. Employees would work as part of a three person trail crew clearing downfall and brush from trails as well as installing water diversion and tread stabilization structures, installation of signs and kiosks, and tool care and maintenance (pulaski tool, shovel, mattock, rock bar, chainsaw, etc.).

The position requires working and camping in remote areas with a small crew to accomplish trail maintenance and construction tasks. The position requires working in varying weather and terrain.

The crew is generally self-supporting, carrying all personal supplies and equipment in loads up to 65 pounds or more, up to 15 miles per day in remote settings. Travel is sometimes aided by the use of motorcycles. Prior motorcycle experience is preferred.

The normal work schedule is four ten hour days, followed by three days off. Crews will sometimes be expected to stay out in the field.

**Recreation Duties:**

This position assists in the operations of the Developed Recreation Program. Assignments include routine maintenance of recreation and administrative facilities (i.e. painting, minor repairs, general upkeep, fence building, cleaning of bathrooms and fire rings). Public contact occurs on a daily basis and the employee will support the campground host program by keeping them informed and supplied. Proper use and care of motorized and non-motorized hand tools is required. Employee may act as a collection officer collecting campground fees

and selling Forest maps. Furthermore, it may be necessary to occasionally support other recreation programs, such as trail maintenance.

The normal work schedule is Monday through Friday and the employee will return to their duty station each day.

**Forestry Aid/Technician (Fire) –Helitack**  
**Position: GS-0462-03/04/05**  
**(Price Valley/Krassel)**

The Price Valley Heli-Rappel Crew is a wildfire initial attack and large fire support organization. We employ up to 30 people annually. Two Crew Supervisors, two Assistant Crew Supervisors, four GS-6/7 Squad leaders, and four GS-5 Senior Firefighters are permanent appointments. The remaining positions are Temporary Seasonal Firefighters filled at the GS-4 and GS-5 level. We contract 2 type 2 rappel capable helicopters from mid-May through September. The primary mission of both forest-based helicopters is initial attack and large fire support across the region and nation. The helicopters and crew also participate in a variety of project work throughout the season. Projects range from flying supplies to remote lookouts, performing aerial recon, or slinging materials to remote sites for trail work, etc.

The Krassel Helitack Crew is located in McCall, ID. Formerly located at the Krassel Guard Station, the crew now has a new facility at the McCall Helibase located next to the Smokejumper Base at the airport. Krassel expects to fill positions at the GS-4 and 5 levels.

**Forestry Aid/Technician (Fire) –Lookout**  
**Position: GS-0462-03/04/05**

Uses standard fire finders to locate observed smoke. Estimates distance to smokes and probable size and characteristics of fires. Determines map location of fires with reference to known landmarks. Reports azimuth, distance, location, volume, color, behavior of smoke, and other pertinent information by radio or telephone. Continues to observe the area and reports significant changes such as increased smoke, wind conditions, changes in color or volume of smoke, etc. Observes ground lightning strikes, thunderstorms, and build-up cloud formations and reports significant observations. Records and reports daily weather observations. Maintains records and log books. Makes minor adjustments and maintains lookout equipment. Maintains lookout station and grounds in a neat and orderly condition. Operates a radio communications center which connects other lookout stations and radio sets. Receives and relays messages and information received relating to weather forecasts, fire hazard conditions, fire emergencies, accidents, and location of work crews and personnel. Serves as key contact at a lookout station visited by large numbers of people during the fire season. Promotes the fire prevention program by explaining State and Federal laws, policies, and regulations, as well as fire prevention methods and procedures and fire hazard conditions. Granite Mt and Pollock Mt are both hike-in lookout locations. Both are roughly a 3 mile hike that gains significant elevation.

## Heavy Equipment Operator WG-5716-08/10

**Duties:** These positions will be part of the Forest Heavy Equipment group. Work this season will generally be focused on road maintenance, repair and improvement activities. A variety of other projects may be accomplished to support recreation, range, fisheries, and watershed and timber projects. Selected individuals will work with other permanent and temporary staff to accomplish road repairs, riprap placement, road brushing, grading, and gravel placement as needed across the Forest. A large portion of the work will be located on the Council and New Meadows Ranger Districts.

The operators will typically be expected to operate one or more pieces of equipment listed below based on experience and qualifications. Work is generally done on flat or rolling terrain with simple terrain problems, such as forest roads and compounds. Incumbent maintains ditches, road shoulders, and beds and fire lines and clears brush, tree stumps and rocks. Reviews the work to be performed and adjusts equipment attachments for a set level, angle, or depth, according to the type of equipment used. Ensures equipment is maintained in good working condition.

**JOHN DEERE** Graders, Backhoes, Loaders, Excavators, Dozers.

**CATAPILLER** Dozers, Excavators.

**INTERNATIONAL** 12 yard Dump Trucks.

**JOHN DEERE** Brush Tractor

## ABOUT THE PAYETTE NATIONAL FOREST

The Payette National Forest contains some of Idaho's most beautiful and diverse country. Located north of Boise in west-central Idaho, the 2.3 million acre forest extends 100 miles west to east, from Hells Canyon to the Middle Fork of the Salmon River in the Frank Church River of No Return Wilderness. The forest stretches 70 miles between the Main Salmon River to the north and the Weiser River to the south. There are five Ranger Districts, approximately 200 permanent employees, and over 150 temporary seasonal employees during the summer field season. The current Forest priorities are:

- **Landscape Restoration** focusing on working with collaborative groups to accomplish landscape-scale restoration in the Weiser River and Little Salmon watersheds, which will improve watershed function, habitat for wildlife, recreational opportunities, and reduce hazardous fuels, as well as provide local employment through stewardship contracting.
- **Recreation Management** supporting developed and dispersed recreation opportunities during both summer and winter seasons across the Forest, stewardship of the Payette's portion of the Frank Church River of No Return Wilderness, and providing outstanding public service.
- **Range Management** addressing Bighorn Sheep viability and sustainable management of cattle and domestic sheep grazing allotments.
- **Minerals Management** of significant minerals projects and the numerous smaller minerals development projects.
- **Wildland Fire Preparedness** including training and preparedness to manage wildland fire incidents on the Forest and across the country.

We hope you will consider the Payette National Forest as your future home for career and recreation. More information on the Payette National Forest is available at:

[www.fs.usda.gov/payette](http://www.fs.usda.gov/payette).

McCall, located in Valley County, lies 90 miles north of Boise on State Highway 55. Sitting at 5,000 feet, it occupies the south shore of beautiful Payette Lake. The population swells from 2,700 to 10-20,000 in the summer during the peak of tourist season and in the winter during the annual Winter Carnival celebration. Total snowfall is over 10 feet, allowing McCall to boast some of the best winter recreation in the state, with snowmobiling, sledding, Nordic and downhill skiing. Brundage and Tamarack Resorts are within a short drive. Summer is shorter than at lower elevations but is ideal, with daytime temperatures in the 70-80s, and a few days in the 90s. Payette Lake provides plenty of swimming, boating, and fishing opportunities in the summer; a state park and adjacent Forest lands provide ample hiking, running and biking trails. Sunshine is common in all seasons. Access to the expansive and remote Frank

Church-River of No Return Wilderness Area and Hells Canyon National Recreation Area and Wilderness are located nearby.

McCall is a full-service community that fills most needs. It has a regional hospital, an integrative health clinic, dentists, chiropractors, and optometrists. McCall also has several service stations, two grocery stores, motels, banks, lumber yards, a variety of restaurants, coffee shops, a wide variety of shopping, daycare centers (including a Forest-sponsored daycare), a public and a private golf course and an airport. Numerous churches are located in the surrounding area.

The community has an excellent grade school, new middle school, a high school that serves both Donnelly and McCall, and an alternative school. Numerous extra-curricular activities and electives are available. There is a strong winter sports program, with both downhill and Nordic after school ski programs. For more information: <http://www.mdsd.org/>

The Payette National Forest Supervisor's Office, and McCall and Krassel Ranger District offices are located in McCall. Several Fire and Aviation facilities and programs are also located in McCall including the Payette Fire Cache, Payette Dispatch Center, McCall Smokejumper Base, McCall Helibase and the McCall Airtanker Base. Average housing cost is in the \$250,000 to \$350,000 range. Rentals are available from \$900 to \$1,200/month.

***Communities close to McCall include New Meadows and Riggins to the north, Council to the southwest, and Donnelly and Cascade to the south. All are within an hour's drive of McCall***

Located between McCall and Council, the community of New Meadows is home to approximately 500 residents. The town sits at 3900 feet in a wide valley with forested slopes on each side. New Meadows boasts exceptional outdoor recreation, with an 18-hole golf course, a 10 mile drive to Brundage Resort and world-class fishing on the Salmon River to the north. The average summer temperature is just under 80 degrees, and snow covers the ground from December to March. The New Meadows Ranger District office is located here.

New Meadows has a K-12 school system, all housed on the same campus. Class sizes are small, with student to teacher ratios under 20:1. The high school boasts a strong science program, with a weeklong field trip offered each spring break. Community support for the school is strong, with financial support through supplemental levies passed on a regular basis. For more information: <http://www.mvsd11.org/>

New Meadows offers a few services and amenities, including one grocery store, a library, a senior center, several service stations and motels, and several restaurants and coffee shops. Rental prices vary. Average home prices are generally between \$150,000 and \$250,000, higher than the Council area but lower than McCall.

***Communities close to New Meadows include Council to the south, Riggins to the north, and McCall, Donnelly and Cascade to the southeast. All are within an hour's drive of New Meadows.***

Council is a community of approximately 850 people located in a wide, picturesque valley with timbered slopes on each side. Hunting and wildlife viewing are excellent; elk, mule deer, whitetail deer, black bears, turkeys, and grouse are abundant. Other recreation opportunities in the surrounding area include hiking, skiing, boating, fishing, wilderness use, bike and horseback riding, four-wheeling and rodeo. The spectacular Hells Canyon Recreation Area is adjacent to the district, and the Weiser River Trail runs through the middle of the Council Valley. The valley also is home to a small golf course and an airstrip. Long summers, early springs, and pleasant falls typify the climate. Snow is common from November through March. Elevations on the District range from 1700 to almost 9000 feet atop Council Mountain.

Council is the county seat of Adams County. Amenities and businesses include two grocery stores, several restaurants, a library, a coffee house, a hardware store, a water-bottling facility and many other small businesses. Medical services include a medical clinic, dental office and Life Flight. Council supports 5 churches.

Council has an elementary and a junior/senior high school, both located close to the center of town. The district has been very successful in reading, language, and math achievement goals over the past decade; the high school is rated as a "5 star" school by the state of Idaho. The district boasts several innovative programs, including a shop, FFA, and FCCLA programs at the high school, and a greenhouse and community garden for use in science and natural resource curriculum for all grades. For more information: <http://csd13.org/>

The housing market around Council is limited, but prices are reasonable, with 2-3 bedroom homes ranging from \$60,000 to \$250,000 and up, depending on location and acreage. A few

rental homes are available and prices vary greatly, but generally run between \$350 and \$600/month. Government housing is available on a limited basis. Council is about 80 miles from Ontario, Oregon and 120 miles from Boise. These cities offer excellent shopping, entertainment, restaurants, and other services.

***Communities close to Council include Cambridge, Midvale and Weiser to the south, New Meadows to the north, and McCall to the northeast. All are within an hour's drive of Council.***

***For more information about living in Council, visit these websites:***

Located on the Idaho-Oregon border, Weiser is a full service farming community of approximately 5,300 residents and is the county seat of Washington County. It lies in the desert valley about 15 miles south of the Forest with mild winters, hot summers, and a long growing season. It has an active recreation department with beautiful city parks, sports programs for kids, and an outdoor city pool. Outdoor recreation opportunities abound, with excellent hunting for upland birds, waterfowl, deer, and elk. Snowmobiling, hiking, mountain biking, horseback riding, water skiing, camping and ATV riding are all popular in the area. Bogus Basin and Brundage Mountain ski areas and groomed snowmobile trails are within two hour's drive. The Weiser Ranger District office is located here.

Weiser is home to two elementary schools (one K-3 and one 4-6), a junior high, and a high school. Schools are considered excellent and offer modern facilities and equipment and dedicated, well-qualified staffs. A wide variety of extra-curricular club activities and sports are available to students. Class sizes are small, allowing for ample student-teacher interaction. More information: <http://www.weiserschools.org/>.

The small local hospital provides a full range of services, a medical specialty clinic, and emergency care, including Life Flight. Four physicians, a physical therapist, two dentists, and an optometrist have primary offices in Weiser. Amenities in the area include a number of restaurants, a library, senior center, grocery store, hardware store, and coffee shops. Churches of most denominations and faiths serve the community, including several providing worship services in Spanish.

Rental housing is available and ranges from \$350 per month up. Homes to purchase are fairly abundant and range in price for a 2 to 3 bedroom home from \$68,000 to \$150,000. The communities of Ontario, Oregon (20 miles) and Boise, Idaho (70 miles) offer excellent shopping, entertainment, restaurants, and other services.

***Communities close to Weiser include Cambridge, Midvale and Council to the north and Fruitland, Payette and Ontario to the south. All are within an hour's drive of Weiser. For more information about living in Weiser, visit this website:***
